HYBRID FLOORING

Durable for
PET-FRIENDLY
Homes

Your pets are family, so shouldn't they get to enjoy every room in your home? If concerns about claw scratches and accidents keep you and your little buddy apart, you'll love UltraPet hybrid flooring.

It's designed to not only resist claw scratches, pet stains, and pet odours, but also provides the traction your pet needs.

Features you'll love...

ClawGuard

Pet ClawGuard helps resist scratches from pet claws

When Spot chases his favourite toy around the house, do you worry about scratches on your floors? You can relax knowing UltraPet hybrid flooring has a special coating that helps resist claw scratches. We want you to be confident your new floors will stay looking great. That's why we test UltraPet hybrid flooring in our laboratory with a proprietary scratch simulator to make sure it'll hold up to all the roughhousing your pets can dish out.

UltraGrip

Provides traction for pet paws

Providing strong grip for pet paws, UltraPet hybrid flooring's UltraGrip feature means you and Spot can enjoy his favourite game of tug-the-toy.

Pet Stain Resistant

Resists stains caused by pet accidents and common household spills

Sometimes pets make mistakes. Hey, nobody's purrfect. Rest easy knowing pet accidents and other household stains like coffee clean up in a snap, usually with plain tap water.

Pet Odour Resistant

Resists absorption of odour-causing pet accidents and other odour-causing liquids

Afraid your floors might be making your home smell like a doghouse? Have no fear, UltraPet hybrid flooring is here, and it actually resists the absorption of pet accidents. Those lingering smells from Spot's puppy training days won't be a blast from the past.

Accessories
designed for living...

UltraPet hybrid flooring comes with coordinating accessories, that have been designed to allow the floor to expand and contract.

Each accessory comes in 8 unique colours to match your flooring to create the perfect finish.

Slim Trim 3 in 1

This versatile 3 in 1 trim can be used as a reducer, or T-Moulding, or an end cap.
2400 x 51 x 6mm

Stair Nosing

Combining style and function this stair nose completes the look in your home.
2400 x 51 x 25mm

Slim Cap

The slim cap creates a transition from your floor to window frames, kitchen cabinetry and sliding doors.
2400 x 35 x 8mm

Quad Edging

Our quad edging is moisture resistant and will create a perfect transition from the floor to the wall, covering the expansion gap required to let your floor expand and contract. 2400 x 19 x 19mm

* All our accessories are available by the length.

Construction

1. ClawGuard
2. Wear Layer
